-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Drawings

1. The drawings were received on 27 January 2004. These drawings are acceptable.

Claim Objections

2. Claims 1 and 6 are objected to because of the following informalities: Line 2 of claim 1 includes a typo, stating "materialand". Line 8 of claim 2 includes the word "meltedis". Appropriate correction is required.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 6 and 7 are rejected under 35 U.S.C. 102(b) as being anticipated by Vartanian (US Patent No. 4,373,132).

Vartanian discloses a device for melting and conveying a material, comprising a conveying channel having an admission opening for the material and a discharge opening for at least partially molten material, one or more heating devices for heating the material between the admission opening and the discharge opening, and a slide which is reciprocally movable so as to convey the material from the admission opening to the discharge opening. (See Figures 2 and 6; Col. 3, lines 6 through Col. 4, line 65.)

Response to Arguments

5. Applicant's arguments, see Response, filed 27 January 2005, with respect to claims 1-5 have been fully considered and are persuasive. The rejection of claims 1-5 over Vartanian has been withdrawn.

6. Applicant's arguments filed 27 January 2004 have been fully considered with respect to claims 6 and 7 but they are not persuasive.

7. Applicant sole argues the merits of claim 1 in their remarks and does not deal with claim 6. The language the applicant points out in claim 1 is not in claim 6 and thus these arguments are not at all persuasive.

Allowable Subject Matter

8. Claims 1-5 are allowed.

9. The following is a statement of reasons for the indication of allowable subject matter: Prior art fails to teach or suggest a device as detailed in claim 1 where there is a conveying channel; heating devices for the channel; and a movable slide which conveys the material in the form of a sliding sleeve and a closing sleeve which is positioned between an inner tube and an external tube.

Conclusion

10. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Kono (US Patent No. 6,135,196) is also prior art of interest with respect to claims 6 and 7. Kono teaches a method for melting and conveying a material consistent with applicant's claims 6 and 7.

11. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1734

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

12. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sue A. Purvis whose telephone number is (571) 272-1236. The examiner can normally be reached on Monday through Friday 9am to 6pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Christopher A. Fiorilla can be reached on (571) 272-1187. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
